RE: H453 PARKSIDE CAMBRIDGE GROUP SAFETY INSPECTION

We are pleased to inform you that following a group health and safety inspection at the above mentioned site on 11 August 2011 your company will have five points added to the Safety Performance League Table as of the date of this letter.

The site scored 93.08% for Health and Safety and 96.36% for Working Environment which is above the desired 92% therefore, in line with the safety performance rules, all subcontractors on site on the day of the inspection will receive five points.

Congratulations and thank you for your continued commitment to health and safety. We look forward to further success in the future.

Yours faithfully

Dear Chris

I am delighted to inform you that your company has been awarded the SB Team Safety Award for the period July 2011 to August 2011. This award is nominated by Sam Barker and is in recognition of your team taking over the demolition on a tight city centre project from another failed subcontractor and achieving a quick programme with no complaints or issues. The team have shown a proactive attitude to health and safety and have provided excellent modern equipment, such as little seen misting fans for damping down dust.

I would also like to add my congratulations in this instance, and remind you that this award also ensures that your company gains 15 points in our 'Measuring Subcontractors Safety' League Table.

Please be aware that the League Table works on a rotational basis, therefore the score you have received today will be shown on the league table for a period of twelve months after which it will be removed.

Well done and keep up the good work!

Yours sincerely
